PW122™ Press Side Wash

Description

- A citrus scented, biodegradable press side wash designed to work quickly and efficiently on U.V., Solvent and Plastisol Inks to open dried or clogged screen images during production runs.
- Ideal for efficient and expedient screen washing during and after the press run

Directions

1. To remove ink from the open areas and bottom of screens, apply PW122™ to cloth and wipe the screen, beginning at the bottom.
2. To remove dried ink in screen images, brush, wipe or spray PW122™ onto squeegee-side of screen and wipe clean.
3. To clean screen following production run; remove remaining ink, then spray screen or apply PW122™ to cloth and wipe thoroughly to remove excess ink.
4. Wipe screen again with a clean, dry cloth to remove any excess.
